

Haverim Press

Session One

Welcome to Haverim Press!

By Alison Flacks

Hi, I'm Ally. Well Alison, but you can call me Ally. I love camp, but there is one camp that I really love, and that is Camp Haverim. I interviewed so many people during my time at camp. It was a lot of fun! Here are some of the interesting things I learned in my interviews: Zoe Silverburg likes art and the Israeli room.

Caleb Silverburg likes art and outside playtime.

Nathaniel Miller likes tennis and the pool.

Reese Cisneros likes art and the pool.

Kayla Gomez just likes everything.

Rylan Honikman likes song time and gaga.

Gabriel Castleman likes gaga and art.

Alexis Constable likes gaga and the pool.

Rya Commings likes art and sports.

Asher Simpson likes pool and Macabia games.

That's all!

An Interview with the Director

By Charlie Jacobs

We interviewed Itzik to ask about some of the history of Camp Haverim. Itzik says that Camp Haverim started in 2005. The t-shirt color was light blue back then. Itzik has so many favorite things about this summer camp, but his favorite thing is getting to watch everyone sing in the morning. One of his favorite memories from camp is when a boy came off the bus and said to his mom, 'Mom, why does Itzik say "Poke your toes, Camp Haverim!" every morning.' His mom explained that Itzik was actually saying 'Boker Tov, Camp Haverim' and not 'poke your toes.' We thank Itzik for giving Haverim press this information.

2013 Camp T-shirt Poll – By Abraham Lopez

We interviewed all of the campers at Camp Haverim to find out what color t-shirt they would like to have for 2013. Here is what we found:

Turquoise

55%

Forest Green

20%

Purple

25%

Talia's Art Corner

By Talia Honikman

To make Marble Paper, you will need:

- Shaving cream
- Large and small paper
- Watercolors
- A used credit card or gift card

Cover the small piece of paper with shaving cream. The shaving cream should then be drizzled with watercolor. Don't put more than three colors on the shaving cream, unless you don't plan to swirl the paper around once you set it on the larger piece of paper. Place the small piece of paper onto the larger piece of paper. Don't push too hard on the paper or it will be harder to peel off. Peel off the paper after about 5 seconds. Take the credit card or gift card and scrape off all of the shaving cream. You should be left with a pretty marble effect!

Our Israeli Counselors: Batel And Yoni

By Rebekah Miller

Our two counselors from Israel are great to have around, especially in the Israeli room where they teach us all kinds of things about Israel. Batel and Yoni both like making new friends, especially Vanessa and Ethan. Batel says that 'feeling Jewish unites us.' They came for the experience and for the opportunity to share their knowledge about Israel. They both think that it is very important to volunteer. Batel says that her favorite elective at camp is art. We thank Batel and Yoni for coming to visit us and teach us about Israel at Camp Haverim!
